SUMMARY

I am a MERN stack developer with expertise in React, CSS, Tailwind, Git, Supabase, Hosting, MongoDB, and Node.js. I specialize in building full-stack web applications, handling both frontend and backend development to create seamless and scalable solutions.

EXPERIENCE

React Developer

Finari Services Private Limited

June 2024 - August 2024, Chennai

- Assisted in developing and maintaining React-based web applications.
- Worked on UI enhancements and bug fixes to improve user experience.
- Collaborated with senior developers to implement new features.
- Gained hands-on experience with state management, API integration, and component optimization.
- Contributed to testing and debugging to ensure application performance and reliability.

PROJECT

Fitness Mentor
